The Lanberg CAT 6a patch cable offers performance for high-speed network connections. Designed with S/FTP technology, this cable features aluminum foil with braid shielding that effectively minimizes interference. With Copper-Clad Aluminium conductors, this cable ensures reliable data transmission speeds of up to 10 Gbps, making it suitable for bandwidth-intensive applications. The low smoke zero halogen jacket provides added safety in case of fire, while the HDPE insulation ensures durability and longevity. Tested to a frequency of up to 500 MHz, this cable meets the compliant standards of ISO/IEC 11801: Class Ea and ANSI/TIA/EIA 568-B, ensuring quality and performance in networking setups.
