

LANBERG Fiber optic patchcord MM LC/UPC- LC/UPC DX OM4 15m

Model: FO-LULU-MD41-0150-VT

Manufacturer: LANBERG

EAN: 5901969437782

Product Code: 1277922

R827

Lanberg multimode duplex LC/UPC patch cable is designed for reliable fiber connections in data centers, enterprise networks, and high-density cabling environments. The OM4 multimode fibers deliver consistent signal integrity with low insertion loss and high return loss, helping maintain stable links across short- to medium-range connections. The halogen-free LSZH jacket and robust operating temperature range support safer installations and dependable performance in confined or populated spaces. The compact duplex LC/UPC connectors and flexible design with a tight bending radius make routing and management simple in crowded patch panels and conduits.
