

j5create JUA365 USB™ 3.0 to Dual HDMI Multi-Monitor Adapter, Silver

Model: JUA365-N

Manufacturer: J5CREATE

EAN: 4712795081251

Product Code: 1278410

R2,448

The JUA365 USB 3.0 to Dual HDMI Multi-Monitor Adapter acts as an external video card for your Mac or PC. It allows you to add an additional monitor/display through your USB 3.0 port. There's no need to open your computer to add an expensive video card. With the USB 3.0 to Dual HDMI Multi-Monitor Adapter you simply load the drivers, plug the adapter into the USB port, then plug in the HDMI monitor cable into the adapter and you are ready. The Adapter supports three viewing modes. Primary Mode allows you to have individual applications open on each monitor, vastly improving productivity. Extended Mode allows you to extend your desktop across multiple displays, which is great for spreadsheets. Mirroring mode is used to clone one screen onto another, which is ideal for presentations. With plug-and-play functionality between your computer and second monitor or projector, you will be able to create a new visual environment in seconds.

In addition, j5create has developed this compact design to cater to the sophisticated user who
