Model: TRAJ0Y47345

Manufacturer: TRACER

EAN: 5907512872611

Product Code: 1279493

R2,910

The Tracer SimRacer is designed to elevate the gaming experience for racing enthusiasts. It features an 8-way D-pad and 12 programmable buttons, allowing for extensive customization and control over gameplay. The inclusion of sensitivity adjustment enables players to fine-tune their driving style, while the rubber coating provides a comfortable grip during long gaming sessions. With a 270° wheel rotation, gamers can enjoy realistic steering dynamics, making their virtual racing experiences engaging.

This wheel, pedals, and gear shift lever set is compatible with various platforms, including PC, Microsoft Xbox 360, Microsoft Xbox One, Sony PlayStation 3, Sony PlayStation 4, and Nintendo Switch. The 1.8 m cable length offers flexibility in setup, and four LED indicators assist with quick status checks. The Tracer SimRacer is suitable for gamers seeking a responsive and immersive racing simulation.
