

Mars Gaming MC-EDGE Midi Tower White

Model: MCEDGEW

Manufacturer: MARS GAMING

EAN: 8435693107910

Product Code: 1287029

R3,178

The MC-EDGE PC case combines power, style and superior thermal performance. Its Open Air design with raised tempered glass panels optimizes airflow to keep your gaming PC cool. With room for advanced configurations, support for up to 7 fans and the latest generation graphics cards, it is the perfect choice for demanding gamers. In addition, its advanced connectivity and cable management ensure a flawless gaming experience.

SHOW OFF YOUR UNLIMITED POWER

The MC-EDGE is an ATX gaming case that breaks the mold. Its Open Air design with triple tempered glass panels not only turns your setup into a visual spectacle, but also offers unparalleled thermal efficiency. Unlike closed cases, the design optimizes airflow to keep your gaming PC always cool and running at peak performance.

Available in two versions Black and white

Choose the one that best suits your setup.

ORGANIZATION AND STYLE IN EVERY DETAIL

The MC-EDGE's internal cable management system ensures a clean and tidy gaming setup. Cables are kept hidden, allowing nothing to interrupt the impressive design and aesthetics of your gaming case.

NEXT GENERATION CONNECTIVITY

Equipped with a high-speed USB-C port and USB 3.0 ports, the MC-EDGE ensures advanced connectivity for your gaming PC. Enjoy fast transfers and a seamless connection for all your peripherals, so nothing interrupts your gaming experience.

UNBEATABLE AIRFLOW. OPEN AIR DESIGN

MC-EDGE's revolutionary Open Air design maximizes cooling for your gaming PC. Raised tempered glass panels allow for unrestricted airflow for outstanding thermal performance. With up to 7 x 120mm fans, support for up to 240mm liquid cooling, and a dual-chamber design, your PC case will be ready to keep your hardware at optimal temperatures.

EXPANDED INTERNAL CAPACITY

Compatible with ATX, MicroATX and Mini-ITX motherboards, this PC case offers ample space for mounting the most advanced configurations. It also supports graphics cards up to 390mm in length and 170mm in width, making it the perfect choice for high-performance rigs and gamers looking to take their experience to the next level.
