

LANBERG LAN cable UTP cat.5e 305m blue solid CU fluke

Model: LCU5-12CU-0305-B

Manufacturer: LANBERG

EAN: 5901969427561

Product Code: 1287440

R2,830

The Lanberg LCU5-12CU-0305-B network cable is designed to meet the standards of effective and reliable networking solutions. With a UTP design and Category CAT 5e classification, this bulk cable provides data transmission capabilities, ensuring performance up to a frequency of 100 MHz. The high-quality pure copper conductors wrapped in HDPE insulation promote efficient signal transmission, while the PVC jacket offers durability and flexibility for various installations. Length indication simplifies usage and organization, while a test fluke pass assures that the cable meets required performance standards. Operating within a temperature range of -20°C to 75°C, this cable meets RoHS compliant standards, making it an environmentally friendly choice for networking applications. Whether used in residential or commercial settings, the Lanberg network cable is a reliable partner for establishing a stable and fast connection.

Product Description: Lanberg bulk cable - 305 m - blue | Type: Bulk cable - CAT 5e | Technology: Unshielded twisted pair (UTP) | Wires per Cable: 1 wires | Features: Solid, pure copper conductors, length indication, HDPE conductor insulation, test fluke pass | Length: 305 m | Colour: Blue
