DJI Action 2 Remote Control Extension Rod

Get even more recording options. This multi-functional accessory combines an extension rod, tripod, and removable remote control. This makes it perfect for many applications. Take a fantastic group selfie or capture a stunning, steady shot - the possibilities are endless. It's lightweight and portable enough to go anywhere, so you can take it with you on your next adventure. What's more, its quick-release handle fits comfortably in your hand.

Notes

1. Do not allow the product to come into contact with any liquid and do not leave it in the rain or near a source of moisture.
2. Use the product only in temperatures from -10°C to 45°C.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

- 3. Do not leave the product near a heat source such as a furnace or heater. Also do not leave it inside vehicles on hot days. Do not store above 45°C - the ideal storage temperature is between 22°C and 28°C.
- 4. Do not store the battery pack for a long time after it has been fully discharged. Otherwise, the battery pack may over-discharge, causing irreversible damage.
- 5. To ensure the performance of your battery, fully charge and discharge it at least once every 3 months.
