R3,270

The DICOTA Top Traveller Dual FIVE is designed for those seeking versatility and style in a notebook carrying solution. This product combines the functionality of a backpack and a shoulder bag, making it an ideal companion for work and travel. Its padded top handles and trolley strap allow for easy transport, while the stowable contoured backpack straps offer another carrying option when needed. With additional compartments for documents and mobile accessories, along with dedicated space for a 12.9" tablet, organization is made simple. The zipper closure ensures secure storage of essentials, making this carrying case a practical choice for different needs.

Constructed from 900D recycled PET, the DICOTA Top Traveller Dual FIVE reflects a commitment to sustainability with its material sourced from 35.5 recycled polyethylene terephthalate (PET) bottles. Its interior is designed to fit notebooks ranging from 14" to 16", ensuring compatibility for various devices. With these thoughtful features, this carrying case enhances functionality and eco-friendly practices for daily users.
