

UBIQUITI Uxg- Fiber Desktop 10G Independent Gateway 4-Port 2

Model: UXG-FIBER

Manufacturer: UBIQUITI NETWORKS

EAN: 810177161530

Product Code: 1291968

R8,120

The Ubiquiti UniFi Gateway Fiber is designed for efficiency and security in domestic and commercial environments. With its built-in 4-port switch, it offers flexible connectivity options along with a robust 2.2 GHz quad-core CPU, ensuring smooth performance. This gateway supports advanced features such as Intrusion Detection System (IDS) and Intrusion Prevention System (IPS) for enhanced security, while also providing NAT and VPN server capabilities to secure internal networks. With a capacity to handle 4000 IPS signatures and a MAC table size of 55,000, it is built to manage demanding network environments. The gateway's design accommodates a range of connectivity technologies, including 2.5 Gb Ethernet and 10 Gigabit Ethernet, ensuring a versatile network experience. Coupled with a 30 W PoE power budget and Bluetooth management, this device provides comprehensive network solutions, optimal data protection, and content filtering that serve both residential and business needs.
