HiBREW H4A NEW 3-in-1 Portable Coffee Maker

Want to enjoy aromatic coffee no matter where you are? It's possible thanks to HiBREW, which has created the HiBREW H4A 3-in-1 Portable Coffee Maker. This improved model is exceptionally compact and allows you to brew ground coffee as well as coffee using Nespresso and Dolce Gusto capsules. The 15-bar pressure ensures a rich flavor, and the machine also lets you adjust the extraction time and brewing temperature. The set includes an AC adapter, a USB cable, a car charger, and a practical carrying case.

Your favorite drink, anywhere

Aromatic coffee on the go? Nothing could be simpler! The portable coffee maker from HiBREW is lightweight (600 g) and compact, so you can easily take it on vacation, on a RV trip, or to work. With it, you'll save money and enjoy delicious coffee without having to visit a café in town. The set includes a practical carrying case that ensures safe and convenient transport.

Excellent coffee flavor

The coffee maker features 15 bars of pressure, which results in a deep, intense flavor for your favorite beverage. The machine also features a high-quality heating element that ensures even heat distribution. This allows you to enjoy efficient operation and quick coffee preparation times. Importantly, the machine also lets you make cold brew coffee.

Wide Compatibility

With HiBREW, there are almost no limits—now you can easily make exactly the kind of coffee you like. The HiBREW H4A-premium NEW 3-in-1 coffee maker is compatible with Dolce Gusto and Nespresso capsules. It also lets you brew ground coffee. Choose the beans you use every day or try something new! At home, at work, on vacation—with HiBREW, you can make your favorite coffee in almost any situation.

Easy to Use

Operating the coffee maker is exceptionally simple. Just place the capsule or ground coffee in the appropriate slot, then fill the water tank, plug the machine in, and press the corresponding button. It's also possible to brew hot coffee using cold water. To do this, use the AC adapter included in the set. You can also use a car charger. Note: When the device is connected via a USB cable, the heating function is not available—in this case, you can only brew coffee using hot water.

A Practical Cup

You don't need to carry extra glasses with you. The coffee maker comes with a small cup made of high-quality material, the same kind used to make baby bottles. It is BPA-free and safe for your health. All of this means you can comfortably enjoy a stimulating, aromatic espresso almost anytime.

Included in the set

- H4A portable coffee maker
- Ground coffee adapter
- Dolce Gusto capsule adapter
