PROSCENIC P11 Ultra Cordless Upright Vacuum Cleaner

The PROSCENIC P11 Ultra is a cordless upright vacuum cleaner equipped with a 500 W brushless motor that generates 40 kPa of suction power. The device offers up to 40 minutes of runtime in standard mode, a four-stage filtration system that captures 99.99% of dust particles, a telescopic tube up to 112 cm long, and an easy-to-read LED display. The model can function both as a classic upright vacuum cleaner and as a handy handheld vacuum cleaner, making it ideal for cleaning floors, carpets, stairs, furniture, car interiors, and hard-to-reach corners.

40 kPa Suction Power and a 500 W Brushless Motor

At the heart of the vacuum cleaner is a modern 500 W brushless motor, which generates 40 kPa of suction power. These specifications allow you to effectively remove dust, pet hair, human hair, sand,

and other debris from various types of surfaces. The device is equipped with modes designed for cleaning hard floors and carpets, allowing you to tailor its performance to your current needs.

Up to 40 Minutes of Run Time and Convenient Charging

The high-capacity battery provides up to 40 minutes of runtime in standard mode, which is sufficient to vacuum an area of up to 180 m². The battery is detachable, so it can be charged separately from the unit without having to move the entire vacuum cleaner. This design enhances user convenience and allows for quick battery replacement when needed.

Four-stage filtration system

The advanced filtration system effectively traps up to 99.99% of microscopic dust particles and other contaminants. As a result, the air exiting the device remains cleaner, and dust circulation in the room is reduced. This feature will be especially appreciated by pet owners and those who prioritize maintaining a high level of hygiene at home.

2-in-1 design for multiple uses

The PROSCENIC P11 Ultra can be easily converted from an upright vacuum cleaner to a compact handheld model. This design allows you to conveniently clean upholstery, car interiors, stairs, shelves, blinds, and other hard-to-reach areas. The set includes practical attachments that enhance the device's functionality and allow for even more thorough dirt removal.

V-Brush with green LED backlight

The V-Brush used in the device reduces hair and pet hair tangling by up to 99%, which minimizes the need for frequent cleaning. Its special design facilitates effective debris collection, and the green LED light helps you spot dust particles invisible under standard lighting. Light directed at the right angle highlights dirt on floors and in crevices, increasing cleaning efficiency.

Adjustable telescopic tube and freestanding feature

The telescopic tube can be extended up to 112 cm, making it much more convenient to clean higher areas. The vacuum cleaner makes it easy to remove dust from blinds, ceilings, shelves, and spaces under furniture. An additional convenience is the freestanding feature, which allows you to leave the device in an upright position during a short break from cleaning.

Easy-to-read LED display and convenient storage

The housing features a modern LED display that shows key information about the device’s operation. Users can check the battery charge level, the selected operating mode, and messages regarding blocked airflow or a clogged brush. The set also includes a practical wall mount that makes it easy to store the vacuum cleaner and all its accessories.

Included in the set

- P11 Ultra vacuum cleaner main unit with battery
- Telescopic tube
- Electric floor brush
- 2-in-1 brush
- Crevice tool
- Power adapter
- Wall mount
- HEPA filter
- Cleaning brush
- User manual
- Warranty card
