

Ray Battler RB 3110 Rotating Hair Dryer Brush

Model: RB 3110

Manufacturer: RAY BATTLER

EAN: 6430082910210

Product Code: 1296593

R1,450

The Ray Battler RB 3110 Hot Air Styler combines drying and styling in one appliance, helping create volume, curls, smooth finishes and natural waves with less effort. It is designed as a practical alternative to using a separate hair dryer and round brush.

The set includes 4 professional styling attachments for different styling needs: a large rotating brush for root volume, a small rotating brush for curls and bangs, a concentrator nozzle for classic blow-drying and a diffuser for enhancing natural waves and curls.

The rotating brush system offers 360° rotation in both directions, allowing easier one-handed styling and better control of the hair while creating volume and shape.

Built-in ionic technology helps reduce static and frizz for a smoother, silkier-looking finish.

With 1200 W power, the RB 3110 provides effective drying while remaining suitable for everyday styling. It offers 2 heat and speed settings, a cool air setting to help set the hairstyle and built-in overheat protection.

For greater comfort during use, the styler features a 360° swivel cord,

2.5 m power cable and convenient storage loop. The attachments can be changed quickly with a secure one-click locking system.
