SJCAM M60 1CH Dash Cam

The SJCAM M60 1CH allows you to record your drive in resolutions up to 4K (3840 × 2160) at 30 fps, allowing the footage to accurately document the positions of vehicles, surrounding elements, and other important details of traffic incidents. It also offers 2K (2560 × 1440) modes at 60 or 30 fps and Full HD (1920 × 1080) at 30 fps, allowing you to choose recording settings that suit your current needs. The camera features a 1/1.8" CMOS sensor, a wide-angle lens with a 170° field of view, and an f/1.8 aperture, while HDR support further enhances its ability to capture images in a variety of conditions. The dashcam is also equipped with a collision detection system that reacts to impacts and emits an audible warning, while the G-Sensor and parking mode—with automatic event detection and time-lapse recording—allow you to use these protective features even when the vehicle is parked.

More Route Information and Convenient Recording Management

Support for GPS and BEIDOU systems allows you to record vehicle location data, which can be useful for later trip analysis and route playback. According to the provided materials, the GPS tracking feature allows you to determine the car’s position on a map with an accuracy of up to one meter. The SJCAM M60 also offers dual-band 2.4 GHz Wi-Fi in the 802.11b/g/n and 5 GHz in the 802.11a/b/g/n/ac standard, and the 2-inch TFT screen with a resolution of 320 × 240 makes it easy to monitor the device’s operation. The built-in microphone and speaker expand recording capabilities, while separate LED indicators show power, recording, and the status of Wi-Fi, the microphone, and GPS. Videos are saved in MP4 format using H.264 encoding, and support for microSD cards with capacities up to 256 GB provides ample storage for future recordings. Power is supplied via a 5 V / 2.4 A Type-C connector, and the front module, measuring 75.7 × 41.75 × 64 mm, weighs 120 g.

Included in the set

- Front camera with GPS base
- USB Type-C cable
- Car charger
- Pry tool for lifting and routing cables
- Memory card reader
- 2x static cling stickers
- 2x mounting straps for the front mount
- 6x cable clips
- User manual
