

Media-Tech MT5100 SATA/IDE 2 USB Connection Kit

Model: MT5100

Manufacturer: MEDIA-TECH

EAN: 5906453151007

Product Code: 1299435

R1,160

MT5100 is a multi-adapter for simple connecting all types of hard drives and optical drives with IDE (2.5" and 3.5") and SATA I-III interfaces to USB 3.0 port in your computer. You can connect maximum three devices at the same time and copy data between them. Manual switch on the power cable provides safe connecting and disconnecting devices.

Usage:

- Fast and easy exchange of data between several devices
- Simple way to create portable hard drive
- Connect optical drive to your laptop.
- Archive important data from CD/DVD on your hard drive using Adapter USB 3.0 to connect optical drive
- Connect your old HDD to a modern computer or game console
- Store your holiday photos and movies on hard drive to have easy access after years

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
