

Mars Gaming MMIC-SE Black Table microphone

Model: MMICSE

Manufacturer: MARS GAMING

EAN: 8435693104087

Product Code: 1299507

R1,407

The MMIC-SE microphone redefines audio recording with its exceptional features: ultra-high-definition 196kHz 24-bit ADC, a professional cardioid condenser that guarantees accurate sound capture, 3.5mm stereo headphone jack for latency-free monitoring, and mesmerizing ARGB lighting. With intuitive touch controls, solid build quality, and metal pop-filter, metal table stand, and anti-vibration system, this microphone is the key to achieving studio-quality recordings with style and ease.

CLEAR SOUND WITH 196KHZ 24 BITS ADC

Are you ready to take your audio experience to the next level? Prepare to be blown away by the capabilities of the high-definition MMIC-SE microphone. Featuring an astonishing 196kHz 24-bit ADC and seamless USB connection, this microphone ensures that every nuance of your voice or instrument is captured with stunning accuracy. Say goodbye to standard sound quality forever.

AVAILABLE IN 3 VERSIONS BLACK, PINK AND WHITE

Choose the one that best suits your setup.

ARGB FLOW LIGHTING

The MMIC-SE microphone not only delivers incredible sound, it also features spectacular ARGB Flow lighting that will captivate your audience and create an immersive experience in your room or studio. Let your creativity shine as brightly as your sound.

INTUITIVE CONTROL AT YOUR FINGERTIPS

Control your audio with ease. Equipped with volume control and a touch mute button, take full control over your recording session. Quickly adjust the sound and mute when needed, all with a simple touch.

STABILITY AND DURABILITY

Designed to withstand the demands of professional use, the MMIC-SE comes with a shock mount and metal mesh pop filter for effective microphone isolation from unwanted noise and vibrations. Additionally, its sturdy metal desktop stand ensures rock-solid stability, making it your perfect ally for your most intense and creative sessions.

PROFESSIONAL CARDIOID CONDENSER

When it comes to audio recording, clarity is key. The MMIC-SE microphone features a professional cardioid condenser microphone that specializes in delivering crisp, clear sound. Whether you're streaming, podcasting, or jamming to your favorite song, this microphone guarantees crystal-clear, high-precision sound pickup.

LATENCY-FREE MONITORING

Achieve audio perfection without latency. The MMIC-SE features a 3.5mm stereo headphone jack that lets you monitor your sound in real time. Forget annoying delays – stay in sync with your performance and create content with confidence.
