The SILICON POWER Inspire microSDXC UHS-I U3 memory card delivers reliable performance and ample storage with a capacity of 256 GB. Engineered to withstand various environmental conditions, this memory card is shockproof, waterproof, magnetic-proof, and X-ray-proof, ensuring data safety in diverse scenarios. With read speeds of up to 170 MB/s and write speeds reaching 150 MB/s, this card is suitable for high-definition video recording and demanding applications. The card also supports ECC, enhancing data integrity, making it a suitable choice for casual users and professionals.
