

Tracer 46745 LED Ring Lamp 30cm with 210cm tripod

Model: TRAOSW46745

Manufacturer: TRACER

EAN: 5907512865859

Product Code: 1303033

R1,140

The set features a 30 cm ring lamp, a 210 cm tripod and a remote control to adjust light intensity and colour

The lamp has 160 LEDs

Our model emits light with a temperature of 2700-7000K. This means that the colours on the model or the photographed object will be perfectly rendered on the image.

3 colour temperatures: cold, warm, neutral. Each of the colours has 10 levels of light intensity, which in total gives 30 different variations.

14.5W lamp – emits light with a power of 900-1700 lumens, depending on the selected mode. The lamp in mode 10, regardless of the selected light colour, emits a very high-quality light.

The tripod has non-slip feet, which makes the set more stable

The tripod measures 68 cm when folded, which makes it very handy and easy to carry, allowing for outdoor shoots. It can be adjusted to different heights. When fully opened, it is 210 cm high.

The tripod has a swivel head that allows you to set any angle

Flexible phone holder
