

SILICON POWER DDR4 16GB 2666MHz CL19 UDIMM

Model: SP016GBLFU266X02

Manufacturer: SILICON POWER COMPUTER &
COMMUNICAT

EAN: 4713436143772

Product Code: 1303379

R2,802

The SILICON POWER memory module delivers impressive storage capacity and reliable performance to enhance your computing experience. With a robust 16 GB of DDR4 SDRAM, this memory module is designed to meet the demands of modern tasks, allowing for efficient multitasking and smooth operation. The memory speed of 2666 MHz ensures quick data processing, while its low voltage of 1.2 V contributes to energy efficiency, making it a choice for a variety of systems. Compliant with standards like FCC, RoHS, and JEDEC, this memory module offers an environmentally responsible option for upgrading your device.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
