R3,321

The DICOTA FIVE notebook carrying backpack combines functionality with sustainability, crafted from recycled plastic bottles. With a capacity of 24.5 liters, it provides ample space for a variety of items while accommodating notebooks up to 17.3 inches in size. This backpack features ergonomic back padding for comfort, along with breathable fabric to keep you cool during transport. Multiple compartments, including RFID protected pockets and accessory pockets, ensure efficient organization of essentials for daily commutes or travel. Lockable zippers offer added security, allowing you to confidently protect your belongings while on the go.
