The R-Go Flex Read is an ergonomic adjustable document holder that you can also use as a writing work surface. This document holder is adjustable in 6 positions, so you automatically sit in an upright position while working. Easily set your ideal working height and angle with your left or right hand. At the front of the top is a soft foam wrist support. This allows you to write comfortably without unpleasant pressure on the wrists. The R-Go Flex Read is made in the Netherlands and has a unique design thanks to its black steel frame and transparent acrylic top.
