R1,812

3.5mm audio adapter for DJI Osmo Action 4

The audio adapter for the DJI Osmo Action 4 is a key accessory for anyone who wants to capture clear audio during dynamic activities such as motorcycle riding. With it, you can connect an external microphone to your camera and record high-quality footage in any conditions.

Specialized adapter with additional capabilities

The specially designed adapter easily attaches to Osmo Action Series products, providing a stable and secure audio connection. It has an expanded Type-C port, which, in addition to audio transmission, also allows you to charge your device. The adapter is compact (28.14×22.23×18.91 mm) and lightweight (7.8 g), making it convenient to use without affecting the camera's mobility.
