DJI Power 1000 Bag

The DJI Power 1000 Bag, model CP.QT.00009486.01, is the perfect solution for storing and transporting the DJI Power 1000 or DJI Power 1000 V2 power station. Its dimensions are 452×240×232 mm, providing ample space and making it comfortable to carry with one hand. The back of the bag features a dedicated compartment for cable management, making it easier to organize and use accessories. Additionally, it has ventilation holes on the left and right handles, ensuring proper air circulation. The practical design allows you to use the power station without removing it from the bag, thanks to a liftable panel covering the power ports, which protects against accidental splashes and raindrops. It is a functional and practical accessory that will perform well in all conditions.
