Product Code: 1308655

R2,949

Cycplus AS2 ULTRA mini electric pump

The Cycplus AS2 ULTRA is an ultra-light and extremely compact electric pump that weighs only 87 g and offers a maximum pressure of 120 PSI. With dimensions of 65 × 47.5 × 28 mm, it easily fits in your pocket. It also features a powerful battery that allows you to inflate tires multiple times on a single charge (up to 2x 110 PSI or up to 4x 80 PSI). An additional advantage is the built-in screen, which provides convenient access to the most important information.

Small size, full performance

Despite its small size and weight, the AS2 ULTRA delivers impressive pumping performance. It takes about 50 seconds to inflate a 700 × 25C tire to 80 PSI and about 120 seconds to inflate it to 120 PSI. So you can get ready to hit the road again in no time!

Reliable support on the road

On a single charge, the pump can inflate two 700C25 tires to 110 PSI or four tires to 80 PSI. This performance makes the AS2 ULTRA a reliable backup in emergencies, ensuring you can continue riding regardless of the conditions. What's more, the device's battery charges via USB-C and takes only about 25 minutes to fully charge. This allows you to quickly get the pump ready for action – even right before you leave.

Precise measurement and clear display

The integrated pressure measurement system offers an accuracy of ± 1 PSI / 0.1 BAR, and the built-in screen displays the most important data in real time. With it, you can quickly check the current pressure level, the selected unit (PSI or BAR), and the battery level.

Additional accessories included

The set includes a practical hose that works well with small diameter tires. You also have a needle for inflating balls at your disposal. The package also includes a silicone case for improved thermal insulation during operation and a waterproof bag to protect the pump from moisture and rain.

Included in the set

- Pump x1
- Presta valve converter x1
- Silicone case x1
- Hose x1
- Waterproof bag x1
- Sealing element x1
- USB-A to USB-C cable x1
- Ball inflation needle x1
