Model: AS200 PRO

Manufacturer: CYCPLUS

EAN: 6976297860662

Product Code: 1308660

R1,776

Cycplus AS200 PRO TB2 PRO TOPUMP Mini Bike Pump

The Cycplus AS200 PRO TB2 PRO TOPUMP is a mini bike pump designed for people who want reliable support always at their fingertips. Despite its compact dimensions of just 53 x 77 mm and light weight of approximately 130 g, the device delivers up to 120 PSI, making it ideal for everyday use and quick fixes on the go. It fits easily in a jersey pocket, saddle bag, or fanny pack, and is smaller than an iPhone 12 Pro, which perfectly highlights its portable nature. It's a practical solution for cyclists who value lightweight gear but don't want to compromise on performance.

Fast inflation and smart pressure control

The TOPUMP AS200 PRO TB2 PRO model is designed to minimize the time it takes to get your bike ready to ride. The pump can inflate a 700 x 25C road tire from 0 to 80 PSI in less than 50 seconds,

making it a great choice for both training and longer rides. The smart auto-stop feature automatically stops the pump once the selected pressure level is reached, facilitating precise inflation and enhancing user convenience. This ensures fast, efficient operation and optimal tire inflation without the risk of accidental overinflation.

Clear display and convenience in every situation

A major advantage of the device is its HD LED screen, which displays pressure in real time and allows for precise control of the entire process. This solution significantly enhances user comfort, as it enables ongoing monitoring of parameters and helps ensure the perfect inflation level every time you use the device. The pump is also designed for various applications, offering compatibility with Presta and Schrader valves, thus meeting a wide range of inflation needs. Whether you're using a road bike, city bike, or other equipment with these valve types, you can count on its reliability.

Ready to go when you need it

Power is provided by a 450 mAh battery that supports USB-C charging and allows the device to fully charge in about 30 minutes. This means the pump quickly returns to readiness and can accompany you on your next rides without a long wait. The Cycplus AS200 PRO TB2 PRO TOPUMP combines speed, precision, and a compact design, making it a modern, convenient solution for anyone who wants to ensure they can quickly maintain proper tire pressure whenever needed.
