Cycplus AS210 PRO AT1 PRO Mini Bike Pump

The Cycplus AS210 PRO AT1 PRO mini bike pump is a practical solution for those who want to be sure they can quickly and conveniently inflate their tires at any time. The device stands out for its lightweight, compact design (weighing just 120 g), so it easily fits in a bag, backpack, or bike pannier. At the same time, it offers a maximum pressure of up to 120 PSI, making it ideal for both daily commutes and longer rides. This model is designed with comfort, safety, and reliability in mind for a variety of conditions.

Fast charging and a high-capacity battery

The pump is equipped with a 450 mAh battery, which delivers excellent performance, and a full charge takes just 30 minutes. The built-in charge level indicator allows you to monitor the device's

status in real time—the indicator flashes while charging and stays lit when fully charged. This feature makes it easier to prepare your gear for the road and eliminates uncertainty regarding battery levels. Also noteworthy is the easy-to-read real-time display, which shows the charge level, pressure unit, and current pressure value.

Precise, Stress-Free Inflation

The Cycplus AS210 PRO AT1 PRO is designed to ensure that inflation is not only fast but also as convenient and accurate as possible. The device is compatible with Schrader and Presta valves, which increases its versatility and allows it to be used with various types of bicycles. The built-in real-time pressure gauge helps you achieve ideal tire pressure, which translates to greater comfort and a safer ride. Additionally, the auto-stop feature automatically stops operation once the set pressure is reached, so you don't have to constantly monitor the pumping process. The package is rounded out by a heat-resistant hose, which enhances user comfort and the equipment's durability.

Ready for the road, whatever the weather

This model is built to handle cycling challenges even when weather conditions aren't ideal. With IPX6 water resistance, the pump performs well while riding in the rain, and the included waterproof pouch makes it easy to store and transport safely. The pump measures approximately 70 x 56 x 31 mm, which, combined with its light weight, highlights the device's portable nature. If you're looking for a lightweight, modern, and functional pump that combines fast charging, precise pressure measurement, and convenient operation, the Cycplus AS210 PRO AT1 PRO will be a great choice for any ride.

Included

- pump
- Presta valve adapter
- sealing ring
- charging cable
- waterproof bag
- heat-resistant hose
- user manual
