

EcoFlow RAPID magnetic powerbank, 5000mAh, (black).

Model: EF-RAPID5000-B-EU

Manufacturer: ECOFLOW

EAN: 4895251629300

Product Code: 1308669

R1,837

EcoFlow RAPID magnetic powerbank, 5000mAh (black).

The EcoFlow RAPID magnetic powerbank offers a capacity of 5000mAh. With its help you will charge your equipment both wired (30W) and wireless (15W). At your disposal will be a USB-C port and an integrated USB-C cable. The device supports popular charging protocols, such as PD, QC and PPS, allowing you to renew energy quickly and safely.

Fast wired charging

The EcoFlow RAPID features a USB-C port and an integrated USB-C cable, allowing for 30W of fast charging. The charging time is impressively short - 12 minutes is enough for the battery level to reach 30%, 29 minutes ensures 70%, and a full charge takes only 55 minutes. Support for charging

protocols such as PD, QC, PPS, FCP, SCP and UFCS ensures great compatibility with a variety of devices.

Wireless convenience

There is also wireless charging capability with 15W of power. The EcoFlow RAPID powerbank supports Qi1.0 (5W) technology and the newer Qi2.0 (15W) version, suitable for iPhone models from the 13 series upwards. This makes charging Apple devices even more efficient - in just 44 minutes the charge level of the iPhone 15 reaches 50%.

Always at hand

The dimensions of the EcoFlow RAPID powerbank are 108 x 70 x 13.9 mm, and it weighs less than 165 g. So you can conveniently stow it in your bag or pocket without worrying about extra weight. The capacity of 5,000 mAh provides reliable support even when traveling.

Manufacturer	EcoFlow
Model	RAPID
Color	black
Battery type	lithium-cobalt
Battery capacity	5000 mAh
Ports	C1: built-in USB-C cable (input/output) / C2: USB-C port (input/output).
Input power for wired charging	30W
Charging time	12 min - 30% / 29 min - 70% / 55 min - 100%
Wired charging output power	30W
Supported protocols for wired charging	PD, QC, PPS, FCP, SCP, UFCS
Wireless charging output power	15W
