

ZyXel USG FLEX 100AX hardware firewall 0.9 Gbit/s

Model: USGFLEX100AX-EU0101F

Manufacturer: ZYXEL

EAN: 4718937629466

Product Code: 1309044

R13,446

Zero Trust Networks Security

Remote working is here to stay, USG FLEX series applies the principles of zero trust access. It ensures the same security controls are applied to HQ, branch offices, home, or wherever your remote workers reside. Create access policy with device contextual such as OS version or device category to enforce network segmentation. This reduces the attack surface and prevents threats from spreading.

USG FLEX minimizes risk by adding granular policies and access authentication for the ever-growing needs of a secure workplace. Improve protection across identities, devices, applications, and network. Reduce risk and build trust across your entire digital assets.

Simplified and Unified Licensing Experience

We know the experience from license purchase and renewals are equally important to our partners. We've optimized the licensing management platform and brought a consistent migration path between on-premise and our cloud platform. We make sure our partners can quickly adapt to a secure environment without the hassle but retaining the flexibility for those who need to practice the same security across networks scenarios.
