Shredstar

X12pro

Model: 1033121

Manufacturer: HSM

EAN: 4026631076715

Product Code: 1310087

R6,673

The HSM shredstar X12pro delivers efficient and reliable document destruction for office environments. This shredder operates with a quiet sound emission of 57 dBA, making it suitable for any workspace without causing distractions. It features a robust wastebin capacity of 26 liters, allowing for up to 330 sheets to be shredded before needing to be emptied. With a particle cut security level of P-5, personal and sensitive information stays secure, ensuring peace of mind during document disposal. The shredder's capabilities include shredding paper, credit cards, staples, CDs, and DVDs, making it a versatile choice for comprehensive shredding needs. Designed for high efficiency, the HSM shredstar X12pro can shred 12 sheets at a time, while an auto-reverse feature prevents jamming, enhancing usability and maintenance. Equipped with a power consumption of 460 watts, this device operates at a voltage range of 220 - 240 V and frequency of 50/60 Hz, making it energy efficient while upholding powerful performance. The 230 mm paper entry width accommodates a variety of documents, ensuring flexibility during use.
