

CABLE USB2 EXTENSION 10M/ACTIVE UAE-01-10M GEMBIRD

Model: UAE-01-10M

Manufacturer: GEMBIRD

EAN: 8716309083690

Product Code: 1312118

R722

Allows to extend the length of USB cables up to 30 meters, simply by connecting several active extension cables one after another

The USB active extension cable works like a USB hub which buffers all down- and upstream data traffic to minimize signal delay

Suitable for use with all high-speed USB devices like hard drives, printers, etc

- Perfect Connection
- The maximum length of any normal USB 2.0 cables is 5 meters. Extending them any longer will lead to signal loss and problems with data transfer. The solution is to use this active USB extension cable. This will allow you to extend USB cables up to 30 meters without any connection problems and data loss.
