MOVA P50 Ultra cleaning robot

MOVA P50 Ultra is an advanced vacuuming and mopping robot that combines unparalleled suction power with state-of-the-art cleaning technologies. With suction power of up to 19,000 Pa, it effectively removes even the finest dirt from hard floors and carpets for a perfect clean every day.

Innovative FlexReach™ technology

The robot is equipped with unique FlexReach™ technology, which allows the mop and side brush to be extended at a distance of 4 cm. This allows the device to easily reach hard-to-reach places, such as corners and spaces under furniture, effectively eliminating dust and dirt.

Intelligent carpet care

MOVA P50 Ultra excels at cleaning carpets. It automatically lifts the mops to a height of 10.5 mm to prevent the surface from getting wet. This keeps your carpets clean and dry, and you don't have to

worry about additional settings.

Automatic emptying and self-cleaning

The robot is equipped with an advanced docking station that automatically removes accumulated dust and dirt for up to 75 days without emptying the bag. In addition, the self-cleaning system takes care of the mop's hygiene by using water heated to 75°C and drying with 45°C hot air.

Efficient water and detergent management

With a large 4-liter clean water tank and an automatic detergent dispensing function, the MOVA P50 Ultra takes care of mopping accuracy. Intelligent fluid management allows for long-lasting and efficient cleaning without the need for frequent refills.

Seamless navigation and obstacle avoidance

An advanced omni-directional obstacle detection system makes the robot move smoothly through rooms, avoiding furniture and other objects. Which ensures that cleaning is fast, efficient and fully automated.

Control via app

MOVA P50 Ultra supports app-based control, allowing you to plan cleaning schedules, adjust settings and monitor the robot's performance in real time. No matter where you are, you can manage the cleaning of your home easily and conveniently.

A complete solution for your home

The MOVA P50 Ultra robot not only provides efficient cleaning, but also full automation and convenience. With advanced features, smart technology and touchless operation, it's the perfect solution for those looking for a modern and efficient way to keep their home clean.
