R764

MediaRange Smart Tracker / Item Finder, suitable for Android and Apple devices, 2-Pack

One Finder Tag for All Devices

Misplaced keys, bags or other important belongings can quickly become a source of frustration. The MediaRange Item Finder helps you keep track of your valuables and locate them when needed.

Simply attach the tracker to frequently used items and use your preferred location network to find them via your smartphone.

The MediaRange Item Finder is certified for use with both the Apple Find My network and the Google Find Hub network. During initial setup, users can select their preferred network. However, the devices cannot operate on both networks simultaneously. Once a network is selected, the other is automatically disabled. To switch networks, users must perform a factory reset on the device.

Featuring a compact and lightweight design, IP64-rated dust and splash protection and a replaceable CR2032 lithium coin cell, the MediaRange Item Finder is a practical companion for everyday use. An
