Freewell case for iPhone 17 Pro with 17mm mount

Freewell iPhone 17 Pro Filmmaker Case is a case designed for professionals and mobile filming enthusiasts. It combines precise technical solutions, solid protection and minimalist design. It turns your iPhone 17 Pro into a powerful cinema-quality recording tool, ready for any creative session.

Magnetic filter system

The case features the proprietary Magnetic Filter System, which allows you to instantly install Freewell Sherpa filters. With just one click, you get professional control over light and color. It's ideal for filmmakers who value smooth operation and perfect results without additional equipment.

17mm mount for full compatibility

The Freewell Filmmaker Case features an integrated Precision 17mm Lens Mount, compatible with top-of-the-line 17mm lenses. This allows you to create extremely artistic shots and fully exploit the potential of your iPhone 17 Pro camera - from wide sets to dynamic depth-of-field shots straight out of professional cameras.

Full compatibility with MagSafe

The case is optimized to work with MagSafe chargers and accessories, so you can charge your iPhone wirelessly or use magnetic mounts, powerbanks and tripods. Convenience of use here goes hand in hand with a secure fit and reliable hold on your phone.

Durability and elegance of Kevlar

The Freewell Filmmaker Case is made from Kevlar - a material five times stronger than steel that provides exceptional impact and drop resistance, while remaining lightweight and slim. A textured, aircraft-grade fiber finish adds a modern touch and emphasizes its premium style.

Protection in all conditions

The design is engineered to meet the demands of creatives operating in a variety of environments - from the urban outdoors to extreme conditions. The Freewell iPhone 17 Pro Filmmaker Case is not just an accessory, but a sturdy work tool that keeps your gear safe in all circumstances.
