R1,593

CL-511

Designed with FINE (Full Photolithographic Inkjet Nozzle Engineering) technology, your photos will realize added sharpness, detail and quality. With these individual ink tanks you can reduce waste and save you money by only replacing the color that runs out. The CL-511 is compatible with select PIXMA iP and MP products.

Compatibility:

- PIXMA iP3300;
- PIXMA iP3500;
- PIXMA iP4200;
- PIXMA iP4200 Refurbished;
- PIXMA iP4300;

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
