

Philips AWP3703/10 water filter Faucet water filter White

Model: AWP3703/10

Manufacturer: PHILIPS

EAN: 4897099302827

Product Code: 1337072

R1,655

Enjoy crisp and pure-tasting water whenever you turn on the tap, with the Philips X-Guard microfiltration system reducing up to 99% of chlorine and taste-impairing substances. Easy one-click installation allows it to be fitted to your tap in seconds.

Easily switch between freshly filtered and unfiltered water

Filtered stream water is tailored for drinking and cooking, while unfiltered shower water is suitable for washing dishes and other cleaning purposes.

Quick twist design for easy filter replacement

Effortlessly replace the expired filter with a new one with a simple twist.

Timer reminds you when to replace the filter

Timer reminds you when to replace the filter for the best result.

One-click installation — no need for a plumber

After the correct adapter has been installed, simply attach the filter to the tap, release and you are good to go!

Effectively reduces chlorine and taste-impairing substances

With high-quality natural activated carbon, this X-Guard filter reduces up to 99% of chlorine and taste-impairing substances to give you crisp and pure-tasting water.

Delicious water at a fraction of the cost of bottled water

Great-tasting water at a fraction of the cost and waste of bottled water.
