Protect your eyes from unnecessary strain by utilizing Acer BlueLightShield™ technology.

XGA Resolution

Even at long distances, this projector delivers a sharp and crisp image quality with its 1024x768 XGA resolution.

Acer LumiSense™

Acer LumiSense™ adjusts the image brightness and color saturation based on the content you're viewing.

Acer ColorBoost3D™

Reproduce lifelike colors and brilliantly bright images with Acer ColorBoost3D™ technology.

Acer ColorSafe II

Enjoy consistent, natural colors with ColorSafe II technology, which controls the dynamic RGB levels to prevent color decay.

Image Shift

Project with precision and avoid setup problems. Using Image Shift and digital zoom, you can shift the image precisely to fit your screen without having to alter the existing mounting location.

Environmentally Friendly Acer EcoProjection^[1]

Reduce power consumption and extend the life of your lamp by up to 15,000 hours with Acer EcoProjection^[1].

Vertical Keystone Correction

Finding the right angle for your presentation is easier with vertical keystone correction, allowing you to correct image distortion.
