Product Highlights

The GSR 18V-45 Professional with its brushless motor, which means longer lifetime and more work per charge, delivers great performance with maximum torque of 45 Nm and allows a rotational speed of 1,900 rpm for a fast work progress. The drill driver has a robust 13-mm metal chuck and great torque transfer for all standard applications. It offers excellent handling due to its short 159-mm head length and a belt clip for comfortable carrying.

Equipment & Application

The GSR 18V-45 Professional is ideal for small-to-medium screws with a maximum drilling diameter of 8 mm and a maximum drilling diameter in wood up to 35 mm or a maximum drilling diameter in steel up to 10 mm. The drill driver is compatible with all Bosch Professional 18V batteries and chargers (Professional 18V system).
