Braun Satin Hair 7 SensoDryer. The professional dryer that actively adapts temperature. With IONTEC and diffusor.

Thermo sensor for active temperature control

The built in sensor measures temperature 600 x a minute and the dryer immediately adjusts it to the optimal level. That prevents dryer from overheating and protects hair from being damaged.

Professional fan system

Keeps strong airflow constant even when a nozzle is attached.

Even heat distribution

Prevents dry out and ensures fast drying.

Two fixed cold-shot buttons

Produce colder air compared with conventional dryers to lock styles better.

Built-in cooling system

Keeps the surface cool and allows new holding positions for more convenience.

Professional diffuser

The professional diffuser keeps the heat inside so it can permeate the hair deeper for defined curls and volume on top salon level.

Professional AC motor

Lives 5x longer than conventional motors and maintains temporary peak performance for longer.

IONTEC: Infuse your hair with ions to boost shine and beat frizz.

Millions of active ions combat the static that occurs with conventional dryers. With a Braun Satin Hair IONTEC dryer you get more even hair for visibly more shine, strand by strand.

Advanced heat control

Operates with optimal temperatures to keep hair colour lasting longer.

Special removable filter mesh

For easy cleaning & protection from hair breakage.

Professional nozzle

The professional nozzle is especially slim and focusses the air even more for unprecedented styling precision and stylist-like results.
