The Lanberg patch cable provides reliable connectivity with a Category 6 specification, ensuring performance for network requirements. Designed with a Low Smoke Zero Halogen (LSZH) jacket material, this cable minimizes environmental impact and enhances safety in enclosed spaces. With a tested frequency of up to 250 MHz, it supports high-speed data transmission, making it suitable for various applications.

Featuring molded and snagless connectors, the cable helps prevent damage and tangling, ensuring long-lasting performance. This patch cable meets several compliance standards, such as EMC, RoHS, and ANSI/TIA/EIA 568-B, offering peace of mind regarding quality and compatibility within network setups.
