Model: PS1-03F-0150-BK

Manufacturer: LANBERG

EAN: 5901969429251

Product Code: 1347273

R640

Lanberg power strips are a proven solution to connect the devices to the power supply, but the outlet is either too far or the access to it is very limited. In such a situation, Lanberg products will not only facilitate access to the socket but also increase the number of available sockets.
The strips have full copper conductors, which ensures stable operation. In addition, each extension cord is protected against child interference.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
