
XPG SPECTRIX D35G memory module 8 GB 1 x 8 GB DDR4 288-pin DIMM

Model: AX4U32008G16A-SBKD35G

Manufacturer: ADATA

EAN: 4711085943279

Product Code: 1390220

R2,549

Compact Low-Profile Heatsink Design

SPECTRIX D35G's composed and understated triangular outline is specifically designed for gamers with unique personalities. The D35G's small heatsink allows for easy installation in small chassis.

Top Quality RAM for High Durability

The SPECTRIX D35G has undergone strict selection and screening procedures, passing reliability and compatibility tests, and delivers a strong and durable product that epitomizes the highest of quality!

RGB Your Way

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Set the RGB lighting the way you want it. Choose from different effects (static, breathing, and comet) or sync the lights with your favorite jams via Music Mode. All this can be done through RGB control software from all the major motherboard brands.

Create Personalized Lightshow with XPG Prime

XPG Prime lighting control software not only allows you to set unique DRAM lighting effects, you can also sync all Prime supported XPG RGB products to create imaginative light shows and shape your own Prime ecosystem.

Works with the Latest AMD Platforms

ADATA memory have been tested and verified to work with the latest AMD platforms for hassle-free compatibility and excellent overclocking performance.

Supports Intel® XMP 2.0

Intel® Extreme Memory Profile (XMP) 2.0 makes overclocking a snap and enhances system stability. Instead of adjusting individual parameters in BIOS, you can do it right through your PC's operating system.
