InLine Fan Adapter Acrylic 120mm to 70/80/90mm for heat sink

Model: 36011

Manufacturer: INLINE

EAN: 4043718089109

Product Code: 1391296

R717

Use this fan adapter to install a 120mm fan onto a heat sink which normally can only house a 70, 80 or 90mm fan. Using a fan with larger diameter has a positive effect upon noise level, as these fans require far lower rotational speeds for the same air flow volume. Fan adapter made from transparent acryl and offers excellent price-performance ratio, including several screws and washers.
