The Club 3D CSV-1385 is a high-performance and small-sized 1 to 4 HDMI™ Splitter 4K120Hz with hot plug and iron casing. It distributes the input of the HDMI™ signal into four identical outputs at the same time. It provides high performance audio and video output through HDMI™ cables up to 4K@120Hz resolution. This Splitter only splits the input signal to 4 output ports based on the input signals specifications.

This is a high-performance and small-sized HDMI™ splitter in a metal housing with an external Power Supply of 100-240VAC / 5V-2A DC. It's an ideal assistant both at home and at work.
