R1,730

A4tech Bloody R73 Ultra Duo is a dual-mode gaming mouse designed for players who need flexible connectivity and precise control. It switches between wired USB-C and wireless 2.4 GHz operation with a nano USB receiver and up to 10 m operating distance, enabling stable play at a desk or from a short distance. High-resolution tracking and responsive polling deliver accurate cursor movement and reliable input during fast gameplay, while bundled accessories such as a docking station, grip tapes, a USB adapter, and a braided USB-C to USB-A cable add convenience and customizable comfort.
