wireless and 10 W USB-C.

Smart Everyday Convenience

The integrated LED indicators provide a clear overview of battery status and charging activity. A green LED indicates active fast charging, while a blue LED shows wireless charging status. Foreign Object Detection (FOD) enhances safety by detecting interference and preventing improper wireless charging.

Compact Travel Companion

With a battery capacity of 10,000 mAh¹ (38.5 Wh), the MRMA761 fits easily into your pocket or bag and is suitable for air travel within standard battery limits.
