R767

The Lanberg rack rail mounting kit is designed to provide stability and versatility for various rack-mounted equipment. Constructed from steel, this sliding rail kit offers adjustable features to accommodate different setups while ensuring ease of access. It supports a weight limit of 90 kg, making it suitable for various applications in your 19" rack system. With a height of 1 rack unit, it fits seamlessly into standard racks, allowing for efficient organization and space management.
