R986

The Lanberg rack shelf is designed for efficient use of space in a server or networking cabinet. Constructed from steel, it ensures stability and longevity while supporting up to 25 kg, making it suitable for various equipment. This fixed shelf features a 4-point fixation method to securely mount on 19-inch racks, providing reliable storage for devices in 800 mm deep cabinets. With a height of 1 rack unit, it integrates seamlessly into existing setups, adding value without compromising function. Ideal for organizations seeking structured organization and easy access to their equipment, this rack shelf supports practical storage solutions tailored to individual needs.
