The front of the case is perforated, while the side panel is made of tempered glass with an aesthetic black print. As many as 4 magically backlit ARGB fans will turn your box into a fine piece of art. Irid 505 ARGB impresses not only with its functionality, but also an unusual range of visual impressions. We want you to be able to spill an impressive aura on the room, which will mark your "I" - Irid 505 ARGB makes it possible.

4 ARGB FANS INCLUDED

If want to be able to rest assured that your PC is running optimally, its hardware components must have the temperature conditions they need. Your mutual comfort is provided by four high-quality, very quiet 120 mm fans with ARGB lighting. If need be, the case can fit more fans - including 140mm!

FANS WITH 3-PIN ARGB CONTROLLER

Every fan included with the Irid 505 ARGB as well as the controller itself have 3-pin 5V ARGB plugs, allowing you to connect the controller to a compatible* motherboard and control the backlight effects. The controller, when not connected to the motherboard, allows for independent backlight adjustment, and is additionally equipped with a 4-pin PWM plug, allowing for fan speed adjustment depending on the system load.

* The ARGB system (5V 3-PIN) is not the same as RGB (12V 4-PIN). Make sure what type of backlighting your disc supports.

FITS 7 SSD'S

To offer you complete freedom of quick-access data management, Irid 505 ARGB allows you to install up to three SSDs. In addition, you have enough space for two standard HDDs (or 2 SSD).

THREE TYPES OF MOTHERBOARD? NO PROBLEM

You can easily fit a Mini-ITX, Micro-ATX and ATX inside without worrying about finding matching components.

FUNCTIONAL USB 3.0 PANEL

For maximum comfort of use, the top of the case comes with as many as four USB ports, including two USB 3.0 port. We have conveniently placed two jacks close to you, so that you can easily plug in your headphones and microphone. All this in addition to a button controlling the phenomenal ARGB lighting, so that you can set it to as you like it.

A CASE WHERE CABLES DISAPPEAR

Genesis Irid 505 ARGB has ample space behind the motherboard tray and many rubber grommets, making cable management a breeze and ensuring a great appearance from the outside.

SLOT-IN MECHANISM FOR DRIVES

The Irid 505 ARGB ensure maximum comfort in using, because we have simplified the installation of the drives by using simple "slot-in" technology. This simple mechanism enables you to install and uninstall SSDs and HDDs without having to break out the tools again.

EQUIP IT WITH LIQUID COOLING UP TO 280 MM

You decide what components go into your PC. If needed, you can install a liquid cooler up to 280 mm! Irid 505 ARGB offers complete freedom when it comes to hardware and a wide range of cooling options.

3 DUST FILTERS

Genesis Irid 505 ARGB offers a clean environment inside the case for a long time. The set includes three dust filters to ensure maximum order. The Irid 503 ARGB has been designed with attention to every detail, ensuring long-term user satisfaction.

ALWAYS-STYLISH EXTENSION PORTS

The plugs of the expansion sockets are screwed on, not broken off, allowing them to be reassembled if necessary. Just open what you need and turn it off when the socket is empty. With Irid 505 ARGB, everything will always look stylish and phenomenal.
