

Axagon HUE-C2C 4× USB 5Gbps Hub, 2× USB-A & 2× USB-C, USB-C Power IN, 19cm USB-C Cable

Model: HUE-C2C

Manufacturer: AXAGON

EAN: 8595247909510

Product Code: 1404596

R794

Compact USB-C hub for everyday use

Travel USB-C 5Gbps hub AXAGON HUE-C2C TRAVEL easily expands a laptop, computer or phone by four additional USB ports. The compact design with an integrated 19 cm USB-C cable makes it an ideal companion for travel, the office and everyday work at home.

Four USB-A and USB-C 5Gbps ports for fast data transfer

The USB hub offers four data USB 5Gbps ports – two with a classic USB-A connector and two modern USB-C ports for data transfer. Thanks to the USB 5Gbps (USB 3.2 Gen 1) interface, it enables fast data transfer up to 5 Gb/s, so it can easily handle flash drives, external SSDs, keyboards, mouse and other peripherals.

Dedicated USB connector for powering more demanding devices

A dedicated USB-C connector intended exclusively for additional power supply of the hub is located on the front side of the hub. This connector is not used for data transfer. After connecting a standard USB power adapter, it helps ensure stable power supply when using more power-demanding peripherals, for example several external drives at the same time. For standard use with office devices, external power supply is usually not needed.

For laptops with a limited number of ports

Thanks to the combination of USB-A and USB-C data ports, the hub is an ideal solution for modern laptops with a limited number of USB connectors. It allows convenient connection of existing accessories without the need to buy adapters or new devices. Plug & Play and Hot Plug support for immediate use without driver installation and convenient connection of devices while the system is running is a matter of course.

Compatible with phones and tablets

The USB-C hub is also compatible with phones and tablets equipped with a USB-C connector. This makes it easy to connect a flash drive, external storage, keyboard, mouse or card reader to your mobile device and expand the possibilities for work and entertainment on the go.

Input (connection to a computer, tablet or phone):
• USB 5Gbps (USB 3.2 Gen 1), USB-C male connector.
• Compatible with USB 480Mbps, USB 10Gbps, USB 20Gbps, USB 40Gbps, Thunderbolt 3/4/5.

Input (power supply):
• USB DC 5V (auxiliary power supply), USB-C female connector.

USB outputs:

• 2× USB 5Gbps port, USB-A female connector.

• 2× USB 5Gbps port, USB-C female connector.

Other features:

• Possibility to connect your device while running thanks to the Hot Plug support.

• Full Plug and Play support.

• Standby mode support.

• Power supply via USB bus – USB bus power.

• External auxiliary USB-C DC 5V power supply for more power-demanding devices.

• Shielded cable ensures high communication speed and minimal unwanted interference.

• LED indicating HUB power supply.

• Dimensions: 106 × 32 × 11 mm (W × D × H).

• Weight: 34 g (incl. cable).

• 19 cm long USB-C cable for connecting the hub to a laptop.

Powering the hub via USB cable (bus power):

• Power supply via USB bus is sufficient for connecting low-power USB devices (mouse, keyboard, card reader, flash drive, etc.) or devices with their own power supply (printer, scanner, 3.5" external drive) to all four ports.

• In this power mode, the USB hub can handle up to 2 magnetic 2.5" external drives at the same time.

Powering the hub with additional USB-C power supply (self power):

• Connection via the integrated USB-C connector on the side.

• Strengthening the hub USB ports, not intended for charging a laptop.

• Any mobile device charging adapter (not included in the package) with a USB-C connector can be used (recommended charger output current min. 2A).

• In this power mode, the USB hub can handle up to 3 magnetic 2.5" external drives.

Supported operating systems:

• Windows 10/11, macOS, iPadOS, iOS, Linux, Chrome OS and Android.

• Compatibility depends on the operating system used and support from the device manufacturer.

Package contains:

• USB-C hub with fixed 19 cm long cable,
