R2,666

Multi-Function Shoe Adapter AD-E1

For a seamless transition from your current hot shoe accessories to the multi-function shoe, the Multi-Function Shoe Adapter AD-E1 is the answer. The Multi-Function Shoe Adapter AD-E1 provides a reliable connection for dust and drip proof Speedlite accessories that you may already own such as the Speedlite EL-1, Speedlite 600EX II-RT, Speedlite 600EX-RT, Speedlite 580EX II, ST-E3-RT or OC-E3 flash cord. The shoe adapter will also hold current accessories such as shotgun mics and on-camera LED panels securely to the camera body with dual locking pins on the multi-function shoe side.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
