and at 360 ° inside the cooking chamber and guarantees a uniform distribution of heat inside. It is the hot air that allows the dishes to cook evenly and the formation of a crunchy crust on the outside, which has nothing to envy to traditional frying. Thanks to the hot air, there will be no need to add a lot of oil to get a tasty fried, because a simple spoon is enough, in this way you will bring lighter but tasty foods to the table for the whole family. Airy Fryer XXL cooks quickly, healthily and in large quantities, but its benefits don't stop there! The air fryer avoids smoke and bad smells in the house: when you prepare fried fish or meat, you will not have to worry about the smell of fried, because the air cooking of Airy Fryer XXL does not release the smell of smoke typical of oil fryers . Finally, the air fryer is easy to clean thanks to the removable non-stick basket and has a low environmental impact, because it does not produce waste oil, which is one of the most difficult to dispose of waste in circulation.
